Learners get a personalised certificate of completion from HBP Education

GUIDED BY FACILITATORS

Get Set Learn has developed a pedagogy that integrates modern learning methods with the key principles of NEP 2020, NCF, 21st-century skills, and Sustainable Development Goals. This approach is used by our facilitators to connect learning to industry needs, helping learners nurture practical skills for the future.

Our facilitators take a holistic approach to equip learners with future skills using:

- **A short course manual**
written and published by Get Set Learn to familiarise learners with the course content.
- **Innovative pedagogy and experiential teaching methodologies**
that simplify advanced concepts for learners.
- **Constructive feedback and assessments**
to help learners understand their strengths and identify areas for improvement.
- **Group discussions and real-world examples to**
enable a participatory environment for learners.
- **Interactive learning approaches**
for success in school and beyond and help foster a growth mindset.

A PARTNERSHIP TO TRANSFORM K12 EDUCATION IN INDIA

By leveraging HBP Education's legacy of cultivating global leaders, we bring world-class content, leadership frameworks, case studies, and research directly into the classroom to help learners across all boards:

**Instill a growth mindset
for learning**

**Adapt to shifting skill
demands**

**Enhance global
citizenship skills**

**Align school education
with industry needs**

ABOUT US

Backed by the iconic Arvind Mafatlal Group with over 100 years of legacy, Get Set Learn is transforming global education with key offerings that include 21st century skill-building programmes in STEM & Robotics, AI, Entrepreneurship and Life Skills for learners in K-12.

Harvard Business Publishing Education is a division of Harvard Business Publishing, a not-for-profit, independent corporation that is an affiliate of Harvard Business School. They work together to bring smart thinking and courageous leadership to the world's toughest management challenges.
